**The bid is for a 3-year term based from September 1, 2022 - August 31, 2025**

**Bin Service Location**

Baytown, TX  
Houston within 75 miles  
Outlying Texas

**# of Bins**

Approximately 75 bins  
1-2 bins at a time  
1-2 bins at a time

PPE and Site requirements: Fire Retardant Clothing, Steel Toe Boots, Hard Hat and Safety Glasses; Clean shaven, no mustache or beards; No weapons, firearms, knives over 4 inches or any kind of machete permitted; No animals; No pictures and no alcohol. In addition, must have at least one FULL time, English speaking, scrap metal driver with a TWIC card. Drivers will need to double up during seasonal turnaround events. Scrap driver **MUST** have a backfill.

The Contractor will be required to provide bins to adequately service each work site included in the scope of this Agreement. This requirement includes any increase in demand for bins required during work site turnarounds or other activities that require additional bins. In the event the Contractor is not in a position, at any time during the term of the contract, to provide adequate bin service to a specific work site location, the Company will have the option to obtain additional equipment and services from other sources to fill the immediate requirements of the work site at that time.

The contractor is required to separate and report any "no value" materials and non ferrous material found present in any shipment. The Contractor will report the associated "no value" weight and nonferrous content grade and weight on the receiving gross-tare-net weight ticket to be furnished by the Contract. Any individual grade type of nonferrous in accumulated weight of less than 100 pounds will not require separation and reporting as part of the contract. Pictures are required on scale tickets with "no value" deductions of 500 pounds or more.

Any Nickel alloys will be bid on a case by case basis.

Any "no value" materials and non ferrous material found present in any shipment are required to be separated and reported. The associated "no value" weight and nonferrous content grade and weight shall be reported on the receiving gross-tare-net weight ticket. Any individual grade type of nonferrous in accumulated weight of less than 100 pounds will not require separation and reporting.

The above pricing is based upon the utilization of standard scrap bins. In the event of oversize loads, overweight loads, permit loads, escorts, etc., the associated costs for these additional services will be mutually agreed upon prior to movement. The cost for these additional services will be deducted as a credit to the Contractor from the amount due Company. This adjustment will be made at the end of that current month where the expense occurred. If standard charges are not utilized for flat bed trucks, actual trucking invoices will serve as documentation for the charge. Please indicate if you have standard charges for the following:

Box Movements - For moving boxes within a facility, not initial drop or pickup \$\_\_\_\_\_ per box  
 Flat Bed Trucks \$\_\_\_\_\_ per truck
